Subject: Public Comment

In Bullhead City sewer rates are around \$31 a month. Bullhead City is very close to the region EPCOR serves in the Fort Mojave Wastewater District. Although this is another state, sewer rates in Laughlin NV, a town just across the river from the region EPCOR services, rates are around \$20 a month. We are Senior Citizens who will be moving to Fort Mojave soon. Our address is . Our current sewer rate (paid June of 2014) was \$56.67. This rate is already higher than other sewer rates around us. Being on a fixed income, a rate increase of around 46% would increase our sewer rate to around \$82 or more. That is beyond a reasonable rate of increase and current rates do not have equity in comparison to sewer rates in the areas within our region. Please consider the extreme increase this request is imposing on those of us on fixed incomes.
